

ALERT TOPIC	Allergic Reaction	ALERT REFERENCE:	CRL 210923
TARGET AUDIENCE:	Regional Managers, Site Managers Site Engineers and Supervisors Other interested people	AUTHORISED BY:	N Roper
DATE OF ISSUE:	Thursday 21 September 2023	DISPLAY UNTIL:	Jan 2024

INTRODUCTION

An employee recently had a reaction to Epoxy resin.

The employee is allergic to Epoxy resins and does not work with them or work in the vicinity of them.

The employee entered the storage area and inadvertently came in contact with poorly stored material.

REASON FOR ISSUING THIS ALERT

Materials need to be correctly used and stored to protect the users and other vulnerable people that may come into contact with them.

CONCLUSIONS AND DISCUSSION POINTS

Use materials correctly and follow instructions to protect your own health and that of those working with you. You may not realise it, but there may be other people close by who are very allergic to certain substances.

Please review the content of the attached SHEQ Alert for relevance prior to communicating the contents to your site teams. Please record this review on the form below and retain in the CRL filing system:
